*For doctors in Oral and Maxillofacial Surgery training programmes, refer to the Doctors in training table above.

The grade codes above must only be used for doctors and dentists in national training posts. They must not be used for doctors other than doctors in training, as defined in the terms and conditions of service.

Employers wishing to pay doctors on local contracts (trust doctors, clinical fellows etc) under pay arrangements that mirror those for doctors in training must use the following grade codes:

- Nodal point 1 (£29,384) local appointment grade code – MT01
- Nodal point 2 (£34,012) local appointment grade code – MT02
- Nodal point 3 (£40,257) local appointment grade code – MT03
- Nodal point 4 (£51,017) local appointment grade code – MT04
- Nodal point 5 (£58,398) local appointment grade code – MT05

There is however no requirement to use these pay values for such appointments, as local terms and conditions of employment are a matter for local determination.

* payable only to doctors working on-call rotas, as defined in paragraphs 9-13 of Schedule 2 of the 2016 TCS.

LTFT allowance

A doctor who is training less-than-full time will be paid an annual allowance of £1,000. This allowance will be paid on top of the doctor's salary and will be spread over the year, paid in monthly instalments.

Those trainees who are in receipt of the £1,500 transitional LTFT allowance, which was introduced under the terms of the 2016 contract, will continue to receive this as per Schedule 15, but will not receive the £1,000 permanent allowance on top of this. Once their entitlement to the transitional £1,500 allowance ends, they will then be eligible to receive the £1,000 allowance.

Weekend allowance

A doctor rostered to work at the weekend (defined as one or more shifts/duty periods beginning on a Saturday or a Sunday) at a minimum frequency of 1 in 8 across the length of the rota cycle will be paid an allowance. These will be set as a percentage of full time basic salary in accordance with the rates set out in the table below:

The weekend allowance for less than full time (LTFT) staff is explained in schedule 2 paragraph 6 of the 2016 TCS.

Flexible pay premia

Table 1:

Name of premium	Applicable training programme		Eligibility	Full time annual value (£)
Hard to fill training programmes	General Practice	Payable to ST1, ST2, ST3, ST4 during general practice placements only.	9,144	
	Psychiatry Core Training	Payable to Psychiatry Core Trainees.	3,718	
	Psychiatry Higher Training	Payable to Psychiatry Higher Trainees.	3 year higher training programme:	3,718
			4 year higher training programme:	2,789
	Emergency Medicine	Payable to ST4 and above only.		
Dual qualification – OMFS	Oral and Maxillofacial Surgery, as per paragraph 42-44 of Schedule 2 of the TCS	Payable to ST3 and above only.	Dependent on length of training programme, see table 2 below.	
Histopathology	Histopathology	Payable to ST1 and above only	4,461	
Academia	As per paragraphs 36-41 of Schedule 2 of the TCS	Upon return to training following successful completion of higher degree.	4,461	

Table 2:

Length of training programme*	Full time annual value (£)
3 years	7,435
4 years	5,577
5 years	4,461
6 years	3,718
7 years	3,187
8 years	2,789

Note.

This is the length of the eligible training programme as specified by the curriculum, it is not the number of years that any particular trainee has remaining on their eligible training programme. For example, trainees joining an eligible training programme part way through their training programme or transferring to the 2016 TCS part way through their training programme will not be entitled to the full FPP amount.

The FPP values listed in table 2 above are payable to Emergency Medicine (from ST4 and above) and dual qualified OMFS trainees (from ST3 and above). The total amount (£22,305) is divided over the eligible years of training, meaning that if a trainee is due to receive their certificate of completion of training (CCT) following completion of their ST6 year, they should receive £7,435 per annum for the three years (ST4, ST5, and ST6).

The Psychiatry pay premium is applied to the full length of the training programme. The total amount is evenly distributed between the two applicable parts of the programme so that £11,153 is available in core training and £11,153 in higher training. The length of training in each applicable part of the programme will be used to determine the annual value the trainee should receive, as set out in table 1 above.

The Histopathology pay premium is applied to any trainee entering the eligible training programmes of histopathology, forensic histopathology, diagnostic neuropathology, and paediatric and perinatal pathology at ST1 from August 2018 onwards.

Trainees will continue to be paid this annual amount until they exit this training programme, so if a trainee's CCT date is put back by a year, they should receive the annual amount for that additional year. LTFT trainees will receive the FPP amount pro-rata.

Trainees who transition or join the programme part-way through may only receive part of the FPP; for example, those who transition into ST5 of a programme where the annual FPP is £7,435 would receive £7,435 per annum for each of the remaining two years at ST5 and ST6 only, instead of the full £22,305.

Trainees who are pay protected under Schedule 15 Section 2 will not receive the FPP but will instead be paid as per the provisions of that section.

Note – doctors paid according to Schedule 15 section 2 are paid according to their previous incremental scale and banding system, therefore flexible pay premia do not apply to this group of doctors.

Note – for the purpose of Schedule 2 paragraphs 28-35, hard-to-fill training programmes are General Practice training programmes, Emergency Medicine training programmes at ST4 and above, and Psychiatry training programmes

Pay points for doctors in training transferring from Scotland, Wales, NI and Defence

Pay points for doctors in training transferring from Scotland are available [here](#).

Pay points for doctors in training transferring from Wales are available [here](#).

Pay points for doctors in training transferring from NI are available [here](#).

Pay points for doctors in training transferring from defence medical training programmes are available [here](#)

Please note that these figures may be updated following the publication of updated pay scales for all four UK countries.

As per the 2016 TCS, Schedule 15 paragraph 1, doctors moving from Health Education England and Defence Medical training programmes, as well as those in the devolved nations, are eligible for transitional pay protection. The table on the next page is to be used for the purposes of calculating the basic salary of the total cash floor amount for doctors transitioning from training programmes set out in paragraph 5 for section 1 pay protection, or the basic salary for section 2 pay protection. The doctor's basic salary on the day before transition shall be protected at the value of the equivalent 2002 TCS value for *England* of the incremental pay point they moved from, as above. Defence medical trainees are to have their pay protected at the value of their salary the day before they took up training on the 2016 TCS.

As described in the TCS, in order to provide equity for trainees within a cohort, pay protection should be applicable until either the doctor exits training, or until four years of continuous employment have elapsed from the point that the doctor is first employed on these TCS, or four years from the date at which that trainee *would have* transferred with their relevant cohort of trainees had they been in England, whichever is the sooner. Those who have not received this protection to date will need to have their pay backdated accordingly
